FLATS BOATS

COMPOSITE RESEARCH, INC

FX SERIES FLATS BOATS

Shallow draft, stealth, and fishing are the simple ideas behind our Spyder brand of flats boats. More than just a boat, every Spyder offers access to those hard-to-reach areas running in just inches of water giving you the freedom to explore and catch more fish. Handcrafted from top quality materials and protected by a ten-year, limited hull warranty, our 17 and 19-foot models offer the hardcore fishing features you seek with the value you demand. Learn more at your local Spyder dealer or visit us online.
